Normandy 1944, D+3...
"Capt'n !! Capt'n !!"
"Stop shoutin', you greenhorn!! Give me a light!... and what are you fussin' about??"
"Murphy tells me there's tanks approaching, Capt'n... TWO tanks... BIG tanks...!!!"
"Crap!! Must be the vanguard of some Panzer Division... they are between us and the rest of the army so now we're trapped in this godforsaken French hamlet..."
"Where's the rest of the battalion, Captain?"
"Don't worry! They'll find us... one way or another... but for now we must hold out on our own.
Soldier! Stand firm and make your MAMA proud!!! And wake up that oddball in his tin can!!.
If ever he wants to pretend he is John Wayne, NOW is the time!!!..."
