"My Home"

FANMADE SCENARIO

June 10, 1944. North of Caen, Normandy. 0642 hrs.

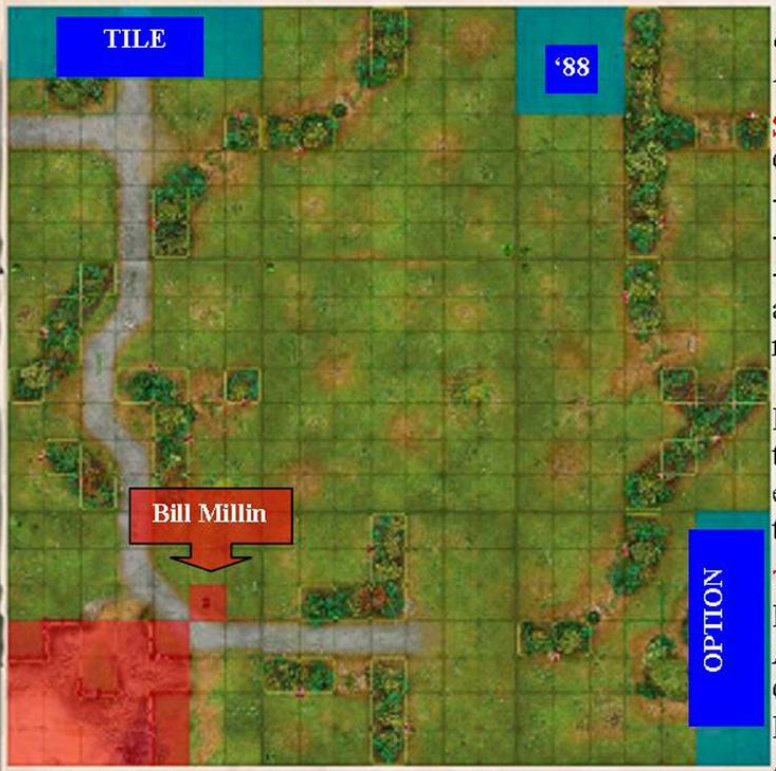

For over two hours now,
the Germans have been bombarding the British troops
who are having a hard time to make any progress.
Six tanks have been destroyed by an '88
and dozens of men lie dead or wounded due to the
barrage. The soldiers are exhausted.
Morale has never been lower...

During a lull in the shelling,
the sudden silence and the
morning fog are pierced by
the drone of bagpipes.
Out from the haze, pacing
relentlessly onward, comes
the silhouette of a piper.
As "My Home" fills the sky,
promptly overcome with grim
determination, the Tommies
relaunch their assault.

Come Boche, bullet or bomb,
British soldiers shall not retreat on this day...
