The **PAK40** may be inside a bunker, but in that case cannot move or change facing.
Place mines according to the rules.
During the turn when the US troops gain control over two objectives for the first time, German **group B** troops are deployed in the blue zone during the supply phase of that turn.
The four **Duplex Drive Shermans** are deployed in the red zone.
The **US Infantry** units make their way onto the beach in the third turn, either with an order in the Activation phase or during the Supply phase.
Germans set up first. US troops have the Initiative.
The game lasts for 8 turns.

Victory Conditions and Particular Information :

To win, the US side must capture and hold all 3 objectives, with infantry, before the end of turn 8.
Objectives are captured with at least one friendly unit and NO enemy units adjacent.
