1- BATTLEFIELD AND DEPLOYMENT

2- COMPOSITION OF THE ARMIES

3- SETUP

Without looking, randomly select **3** Bonus Tactics markers and place them on the Battlefield.

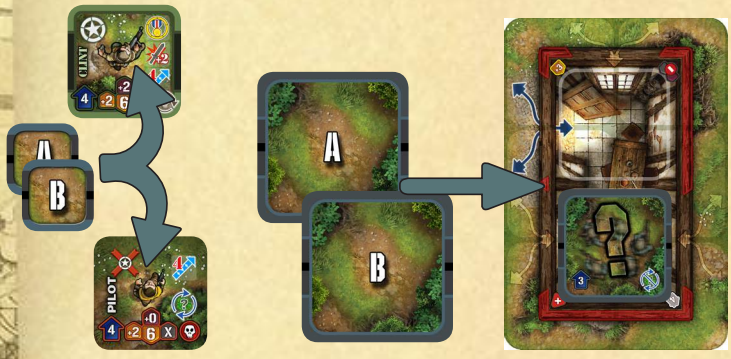

Remove the following cards from both decks: Weak point, Precision, Panzerfaust (US), Bogged down, It bounced right off, Hit and Run, Ram, Booby Trap (German), Repairs, and all the **Artillery** and **Airstrike** cards.

The American player deploys his troops in his deployment zone. The German player choses two units and places them in each house, then he places all the other units in his deployment zone but not the Zundapp.

Then, the German player takes the Concealed tokens, the Pilot counter (contained in US Army Box), and Clint counter. Then, he takes the Concealed tokens (A and B) and puts Pilot and Clint counters under one of those (he chooses), then he puts this tokens in the center of the table, no one can touch them till they are revealed. Then, he deploys one Concealed counter per house.

The American player has the initiative.
Thus he deploys first.
Place the corresponding marker on space **1** of the turn counter.

Each player draws **4** cards.

4- PLAYING THE GAME

This game lasts **6** turns.
The Goal for the American player is to save the Pilot and take it to his deployment zone within the 6th turn.

The German player is the only one who knows where the Pilot is.

When an American unit is within **2** spaces from the Concealed counters and has a **Clear LoS**, he sees who is in the house. So the Concealed counters are replaced with Clint and the Pilot. However, till the house is empty of German units, they cannot put Order tokens on them. When Clint is freed from captivity, his men arrive on the battlefield. Place Recon Bar Team on the corresponding deployment zone, depending on the house in which was Clint (big house: zone 1; little house: zone 2). Remember if you throw grenades in the house, they can kill the Pilot!

When pilot escapes, German units can kill him.

Turn 2: At the end of the supply phase, the Zundapp arrives, place it in the German deployment zone.

5- END OF GAME AND VICTORY

The American player wins if the Pilot is saved and taked to his deployment zone within the 6th turn.

Major victory: the Pilot is kept alive in the house.

Minor victory: the Pilot is killed.
