Rulebook Issues

There were some issues with page numbers in various references (see XXX on p.YY) that were incorrect. However, the Index has the correct page numbers for all sections of the book. There is a thread with the details [link]

There are a few Errors:

> ❗ *Sticky Bomb / Magnetic Mine rules (P.29). [BRO Errata]*
>
> *If the **Vehicle** moves, it takes the **marker(s)** with it.*
>
> *The explosion occurs at the end of the Supply Phase and does not use a **Blast** Template.*
>
> *If more than one **marker** is placed on the same **Vehicle**, add up their Combat Values and make a single roll. Use the side Defense Value if it's a Heavy Vehicle. Then discard the **marker(s)**.*
>
> ❗ *MG Nest rules are missing (P.31). [BRO Errata]*
>
> *At the end of the Supply Phase, place the **MG Nest** anywhere on the board except in the enemy **Deployment Zone**, in squares adjacent to **Objectives**, or in enemy Zones of Control.*
>
> *The **MG Nest** may pivot by taking a 0 Movement Action.*

Scenario Book Issues

There were some incorrect illustrations in the Introductory Playthrough (pp.10-14). There is an updated rulebook available [link]

There are still a few errors and printing issues (some graphics did not print exactly as in the original file):

> *Tactical Bonuses (P.04): There are 2 Assets, 1 Intuitive, and 3 Tacticians.*
>
> *German Army (P.19): The second recruitment tile should be II. Batallion – PzGr Reg. 304 – 2.Pz Div.*
>
> *German Army (P.27): Ludwig should have no option, Helmut should have a flamer*
>
> ❗ *The following scenarios require a controlled Secondary Objective to remain in play for the entire scenario (being Controlled like a Primary Objective):*
>
> *– Plain Carnage (P.16-17)*
>
> *– Le Quesnay (P.20-21)*
>
> *– Surrounded! (P.22-23)*
>
> *– Windy at Sept-Vents (P.24-25)*

Tokens

> ❗ *The US 57mm AT Gun should have a Movement of 2 instead of X. Ambush side still allows movement. [Game Affecting]*
>
> ❗ *Otto should have 2 Breakpoints instead of 1 .[Game Affecting]*
>
> ❗ *German Feldkommando Should have German command stripes on the left-side stripes of the left-most slot. [Free-battle Affecting]*
>
> ❗ *Ludwig has an older version of the death icon on his reverse side. [Cosmetic]*
